

Constructed from milled logs, The Black Bear Lodge waits to enfold the family and visitors in its warm embrace.

Features: Prow front is flooded with windows. Great room features a soaring fireplace with balcony above as well as a premier roof system. The rear elevation is very attractive; the foyer opens to a grand staircase. Second floor bedrooms boast dormers with large windows, adding extra living space. Attached garage features a quest apartment and is joined to the house by a clever combination of mud room and sun room /TV room. Full sized wall-out foundation level includes a family room with wet bar, office and craft room. Total Square Footage 4,013
