

# THE STREAMER

An Elk River Design, The Streamer is a timber frame plan which embraces abundant natural elements™ to add distinction and style. Trusses, brackets, tapered stone support columns and twig railing are a few of the mountain accents. The clever, efficient lay-out features an overhead loft and study.

**Features: Master suite on Main Level • 3 Bedrooms • 3 Baths**  
**Main level: 2,264 Square Feet • Second level: 1,136 Square Feet**  
**3,900 Total Square Footage**
